The following is an examiner's statement of reasons for allowance:

The rejection maintained in previous action for scope of "cognitive memory disorders" has been overcome by applicants' amendments which limit the scope to those arising from sources well-recognized as being correlated to 5-HT6 deficits. Claims directed to Alzheimer's Disease are no longer rejected based on the scope of compounds being claimed (i.e. one compound along with its salts) coupled with results for said compound in clinical trials as reported by applicants in the newly cited IDS.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
